April/May 2022 Volume 3345

Dear Lamplight family,

We share with you the deep joy we feel as our granddaughter, Breanna, married Christian Frey on April 16. Our grandson, Nathan, will marry Olivia Castano on May 15. Our granddaughter, Joy, will marry Garrett Anderson on June 16. God has brought together each couple to bring glory to Him and to bring deep joy to each other as they journey through this life together. Please pray for each couple in this time of wondrous celebration!

My husband of three months, Jan, and I are thanking our heavenly Father daily for His plan for us to be husband and wife! We enjoy each other immensely! We are working together on the building of Lamplight High School. Jan is the architect, having already designed and built a church and a school in Uganda. We are coordinating with Pastor Tonny the building of the school every step of the way. Working together is a glorious symphony!

We anticipate the start of construction on Lamplight High School in Gombe District, Kampala, Uganda. Pastor Tonny, the orphan Jack and I began supporting when he was 14 and has been rescued from living in the bush with his brothers for three years, has a passion to open a model high school as part of Lamplight Church. Tonny's excellence in teaching was exemplified by his being selected Head Master shortly after he began teaching in two different schools. We feel so honored to be working together with Pastor Tonny to provide excellence in education and discipleship.

Be looking for the announcement of the publication of *Helping You Understand the Bible: God's Plan Made Clear*. I will be asking you to go to amazon.com and put in the name of the book and write a review of it. You can read it for free! When a large number of people write a review, the book becomes a best seller on Amazon! That draws more attention to the book and more people will be reached with the message of God's love and eternal life in Christ Jesus! That has always been the reason we have written books. ☺

Our wonderful book designer in Nigeria, Abdulrahman Osamudiamen Suleiman, will take the scanned Scripture cards and transform them into new Scripture card books! Keep enjoying the free reading online or downloading of 17 Lamplight books on <http://smashwords.com> Key in Jack Hartman and Judy Hartman. Use these books for individual and group Bible studies. The questions in the back of each book open magnificent discussions for walking more closely with our Lord Jesus Christ.

We are working closely with Pastor Tonny Ssekyanzi on the planning and soon construction of Lamplight High School, Gombe District, Kampala, Uganda. After three redesigns by my husband, Jan, we have concluded that opening the high school in the same building as the church is the wisest decision. So, three classrooms will be constructed adjacent to the present church building that will be upgraded as well.

Report from Pastor Tonny and Carolyne,
Lamplight Church, Kampala, Uganda:

"Dear Lamplight family, I greet you all Jesus' name, Praise God... We had a very blessed Easter season. I was able to receive six new people who accepted salvation and to walk with Jesus Christ. Attached are some of the photos of me anointing people with prayers and our expense financial report.

Thank you again for the support of our ministry enabling us to make evangelical outreaches. May the Lord our Father Jesus Christ bless you richly.

Keep us in prayers as we plan to open: LAMPLIGHT HIGH SCHOOL.
- Lamplight high school will offer excellent and distinctive wholistic Christian education, designed to prepare our students for productive lives of useful service to God and to the society with uncompromising integrity, honesty and loyalty.

- This school will help our community to impart practical skills for self-reliance through computer courses and innovative forms of education for the growing citizens to suit the modern changing world.
- The school will create a learning community in which one can develop their intellectual, social, moral and spiritual values.
- The school will promote teamwork, encourage and promote mutual respect and understanding for each other.
- The school will cherish our learners, staff and parents as a reason for our existence.
- Lamplight High School will be a model in consistently developing generations that shall continuously fear and serve God.

- Our aim is to offer quality and affordable education for all children in the area.

Therefore, keep me in your prayer support and any other way possible.

Thank you and God bless you.

In His service,
Pastor Tonny Ssekyanzi, Lamplight Church,
Uganda

Report from Dr. Gideon and Clarita Tandirerung, Sulawesi, Indonesia:

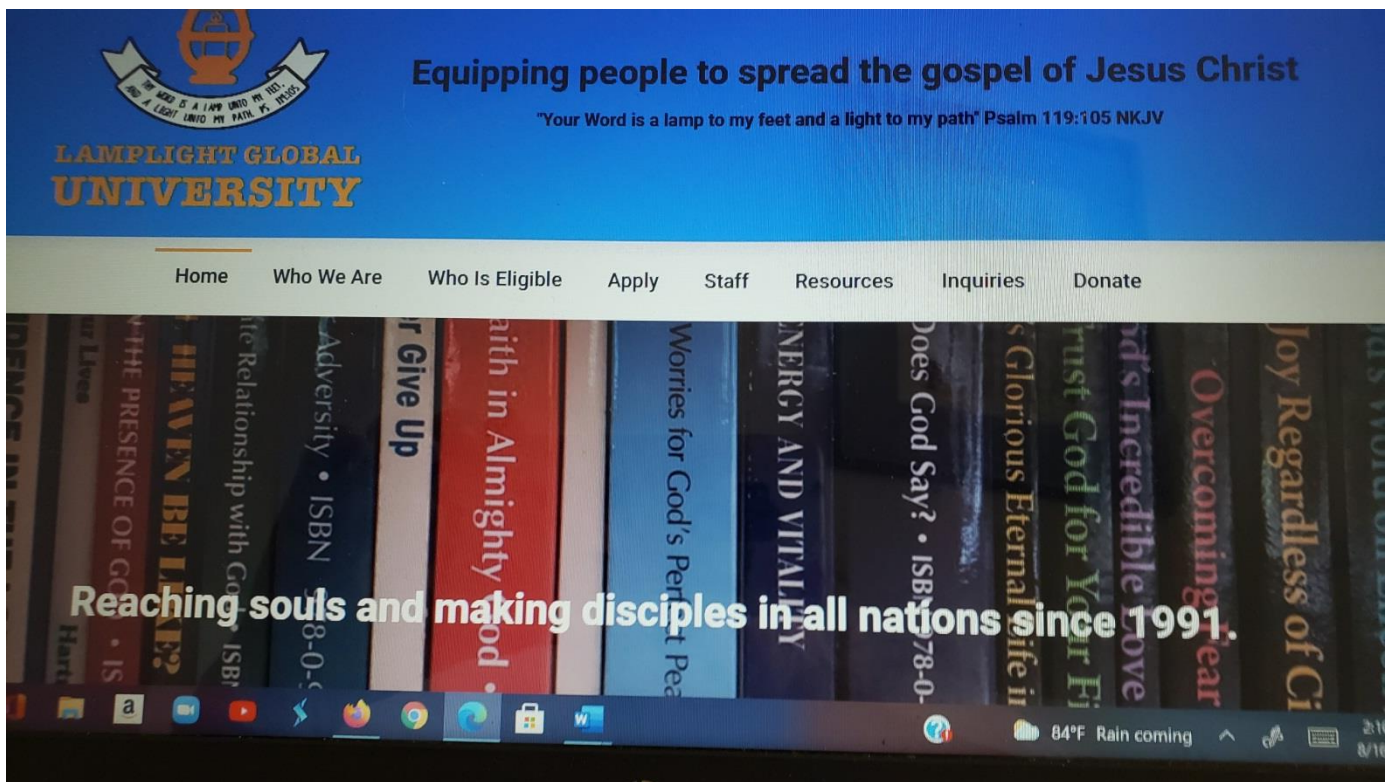

"We are grateful that God is always good in all situations. We are pleased to inform that:

1. Even though Clarita and I were sick twice, the first time was fever and lack of energy, and the second time was vomiting and prolonged urination. I'm pretty good now, but until now Clarita is still vomiting and has the urination issue. We have consulted with the doctor and were advised to take the drug Imodium but it did not help much. This is a symptom of serious LBM (diarrhea).
2. The funds for renting a house are coming, although we don't know where it is coming from, but we are sure that God will help us.
3. Our supply is decreasing but we always experience sufficient in shortage. God is too good.
4. The publication of Lamplight books has been submitted to the Publisher but we have not yet received a clear answer. With verbal delivery they agreed, even though they asked us to edit the illustration because of cultural demands. We agree.
5. Many strong Muslims in the Makassar area have followed Jesus, even though it must be kept secret. Many of them do not dare to publicly confess their new faith, but they have become believers in God. One time we will take pictures of them and send them to Lamplight Headquarters in the USA.
6. We will organize these new believers into a church group called GKKI. I was appointed to be responsible for organizing them into church organizations, so that they are not blamed by the government and also get legal protection.
7. There is a way to be able to print Lamplight books in a small amount and cheaply. Pray for this to happen
8. Today we received sad news that a friend of ours who got cancer and was rushed to the Netherlands for treatment, but this morning at 8 am God called. The body may be brought back to Indonesia if there is a plane or buried in that country. We are still praying and waiting for his family's decision.
9. With the organized number of new believers, many of them want to be trained in witnessing. So, we want to buy a plot of land to train them, be it the Bible, other skills such as fishery, carpentry, machinery and others. Also, Human Resource development (my field).
10. A mother named Esther Galla wanted to sell us the land, but we said that we had not received any funds from God. Pray for this plan, so that there will be a special place where there is a Church, Training Center, Bible School, and Publication Center that can continue to develop these people to be independent and serve God.

May God always be glorified in our life and ministry. God bless us all. Amen.

Clarita/Gideon Tandirerung

Above is a photo of the Lamplight Global University website. We thank with thanks beyond measure Nikki Trott for designing the website and maintaining it as a gift to the Lord. It is up but not available for access yet. LGU is a legacy of all that Jack Hartman's life work and is the breakthrough for Lamplight Ministries that Jack spoke of so often. "One day, we will have a tremendous breakthrough!" LGU is that breakthrough that Jack envisioned! LGU is a university to equip pastors to reach souls and make disciples. It is a university for every person who wants to receive instruction in righteousness through Jesus Christ. Be praying for LGU to be ready to open to reach souls and make disciples in all nations! Hallelujah!

We thank God for the joy of Lamplight Ministries' outreaches to Kampala, Uganda and Sulawesi, Indonesia. God created our relationship with Tonny 26 years ago and with Gideon 31 years ago. We thank God for His provision thus far, with Lamplight being debt free since its beginning in 1991. We have experienced the reality of God providing for what he ordains. Therefore, trusting Him for larger amounts now is awesome.

You know how very excited I am when I hear from you!

We pray for health and blessing upon you and your dear ones, in Jesus' mighty name. Amen.

Truly we are blessed to be a blessing, Genesis 12:1-3

Judy
